Faculty Disclosure: Anesthesia Pain Care Consultants adheres to the ACCME Standards regarding commercial support of continuing medical education. It is the policy of Anesthesia Pain Care Consultants that the faculty and planning committee disclose real or apparent conflicts of interest relating to the topics of this educational activity, that relevant conflict(s) of interest are resolved and also that speakers will disclose any unlabeled/unapproved use of drug(s) or device(s) during their presentation. Detailed disclosure will be made in the course syllabus.

## Course Description

Tremendous changes have affected the practice of pain management. This program is designed to equip physicians and other healthcare professionals with the most up-to-date information to allow them to prescribe safe and efficacious therapies for the management of pain.

A comprehensive discussion of current topics will be presented including the interdisciplinary approach to assessment, diagnosis and treatment plans, as well as neurostimulation by one of the country's leading experts. This focus is directed towards all levels of clinicians and healthcare providers who are involved in the care of patients with common and advanced pain problems.

## Target Audience

This activity is designed to provide information on the diagnosis and treatment of pain to Orthopedic Surgeons, Neurologists, Neurosurgeons, Rheumatologists, Family Medicine Physicians, Psychiatrists, Psychologists, Attorneys, Nurses, Case Managers, Adjusters, and any other interested health care professionals interested in the diagnosis and treatment of pain.

## Objectives

Upon completion of this course, the participant should be able to:

- ◆ Identify and evaluate the best treatment options for Disc herniation, Internal disc disruptions, Discogenic pain and Radicular pain.
- ◆ Identify the insurance carrier's responsibilities, understand the physician/carer communication process and determining preexisting exacerbations.
- ◆ Learn the treatments for Neuropathic pain, Fibromyalgia and Chronic Somatic pain. Utilizing drug screening techniques in cases of Chronic Narcotic usage.
- ◆ Adapt Contrast Physical therapy as future treatment plan for the injured worker, with or without interventional treatments.
- ◆ List types of head injuries and how to integrate treatment options and compensability.
- ◆ Improve pain management by interpretation of results that are technique dependent. Referral to quality practitioners for pain services.

---

## Accreditations

**Physicians:** 3.5 AMA PRA Category 1 Credits or 2.0 AOA Credits.

**Nurses:** 4.2 Contact Hours.

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the American Board of Quality Assurance and Utilization Review Physicians, Inc. (ABQAURP) and Anesthesia Pain Care consultants, Inc.. ABQAURP is accredited by the ACCME to provide continuing medical education for physicians.

The American Board of Quality Assurance and Utilization Review Physicians, Inc. designates this educational activity for a maximum of 3.5 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity

The American Board of Quality Assurance and Utilization Review Physicians, Inc. (ABQAURP) is an approved provider with the Florida Board of Nursing to provide continuing education for nurses. ABQAURP designates this activity for 4.2 contact hours through the Florida Board of Nursing, Provider # 50-94.

This program is approved for Category 2 credit by the American Osteopathic Association.
